Zombie Exodus

Show Stats Restart Achievements

You creep forward, watching for any movement, and conscious of making any sounds to alert the man. As you get closer, you see that the figure is wearing black pants and a black shirt and a hat turned backwards with the cafe's logo across it. He is focused on the woman and nothing else, including you, in the room. His body shifts on the table and uncovers the woman, who has a large red area across her chest and midsection. Turning his head, you spot a string of substance from the woman to the man's mouth and realize in immediate horror that the man is feasting on the woman. The man tears at the woman's flesh, with long pieces of organs covered in blood being fed into his mouth. The woman's head is caved in beyond recognition, and the thought that this could be Emma sickens you.

The zombie drops off the table into a chair and slips out a portion of intestine. You hold your hand over your mouth as dry heaves start, but you stifle them back. You consider leaving the cafe but notice a cell phone sitting on the edge of the table where the zombie is having his meal.

The only exit noticeable is through a set of double doors on the opposite side of the room.

- Leave immediately and try another area of the 3rd Floor.
- Sneak over and take the cellphone.
- Kill the zombie.
- Draw the zombie away from the table and take the cellphone.
